

EQ, The Hidden Advantage *A Leader's Guide to Increasing Influence & Impact*

Emotional Intelligence describes our ability to perceive, assess and manage our emotions and interpersonal interactions in order to maximize our influence and impact. In this 3-hour workshop, participants are provided with the opportunity to evaluate their current level of EQ competence while also exploring proven methodologies for increasing their capacity to lead and influence in all of their relationships both in and out of the workplace. The program includes all materials and assessments including The EI Style Profile, The Leadership Trust Inventory and the EQ Competency Map. A wide range of interactive group activities designed to enhance skill application are also included.

Core Contents:

- Creating a Context – Building an EQ Framework
- Examining the History of EQ
- Exploring the Leadership Excellence Link
- Assessing Your Current Capacity
- Navigating the EQ Competency Map
- Exploring the Power of Trust
- Understanding the Heart – Head Connection
- Building Your EQ Capacity
